

5611 Meadowview Road
Huntington, Arkansas 72940

The Arkansas Rural & Volunteer Firefighters Association is a non-profit organization dedicated to all rural and volunteer firefighters and emergency responders throughout the state of Arkansas. We help to unite the individual rural and volunteer firefighters but we also give them each a voice to be heard in important matters in the legislative realm.

ARVFA's boards of directors are seasoned firefighters and first responders just like you that understand the dedication and heart that it takes to protect the communities we serve.

ARVFA Mission is to provide a unified voice for the fire and rescue services across the state, to provide advice and guidance pertaining to legislative issues, to encourage education and training within the fire/rescue service and to promote a communications network across the state

This grant program is for ARVFA members and will be available as we have the funds for this program.

Sincerely,

Gary D. Lawrence
